SPIRIT FITNESS

A Heritage of Quality | The Spirit of Innovation

COMMERCIAL SEMI-RECUMBENT BIKE

FEATURES

- Easy-To-Use Console with 40 Resistance Levels
- Easy-To-Adjust 12-position Aluminum Seat Rail
- Heavy-Gauge Steel Frame
- Integrated Generator/Flywheel Resistance System
- Durable Powder-Coated Paint
- Contact & Telemetric Heart Rate
- Commercial Warranty

The **CR800** Commercial Semi-Recumbent Bike is the perfect bike for the commercial environment. The step-thru design makes it easy for your clients to get on the bike, and the easy-adjust seat allows them to find the most comfortable position. The console offers multiple programs, most with 40 levels of resistance and enough feedback information to make sure your clients never grow bored of the **CR800**. The extra-smooth ride comes from the perfect gearing and the integrated generator/flywheel system. It's all in the details.

Easy Step-Thru and
Seat Adjustment

The **CR800** console is easy to use and full of easy-to-read motivational information. A quick touch of the fan button and your clients are being cooled by a turbo-powered fan.

Touch the upper "Display" button to view the workout in either a Track or Workout profile on the large LED Matrix. There are 10 different programs to keep the user motivated, from Heart Rate to Strength to Fat Burn; most have 40 resistance levels. The **CR800** features a Fit Test program, or the user can simply push "Start" and begin their workout. A convenient cargo holder offers storage for a cell phone or room keys.

The **CR800** console is also used on the **CU800** Upright Bike and the **CE800** Elliptical Trainer. This makes it easy for clients to vary their workouts on different machines and help them achieve their fitness goals.
