

LN40B457C6HXZA 40" High Definition TV with 720p Resolution

Digital hospitality solution supporting PPV and guest services
39.9" (truncated) actual diagonal screen size

Step up to the power of high definition on a 40-inch LCD with Samsung's LN40B457C6HXZA. The amazing 720p resolution - with Wide Color Enhancer renders the most crisp vivid tones in every frame for the most realistic picture quality. Black tones and shadows are strikingly superb, thanks to the 50,000:1 dynamic contrast ratio. The attractive Piano Black design adds elegance to any room while the unique, PMOLED clock timer display keeps your guests on time. A fast 6ms response time offers smooth, clear action. And thanks to SRS TruSurround HD technology, all the HD excitement sounds as incredible as it looks. Add in the full suite of hospitality features - front panel lock out, USB cloning, hotel logo on-screen display, audio volume limiters and Anti-Theft Battery Cover and these features help make Samsung the hotelier's logical choice.

LN40B457C6HXZA 40" High Definition TV with 720p Resolution

Digital hospitality solution supporting PPV and guest services
39.9" (truncated) actual diagonal screen size

VIDEO PERFORMANCE

1366 x 786 Full HD resolution - Highest resolution available is combined with an image scaler to handle inputs from a variety of sources.

Wide Color Enhancer 2: Optimizes a given color's hue, resulting in more natural rendering of colors.

Response time: A fast 6ms response time minimizes blurring of fast motion in sports programs.

50,000:1 dynamic contrast ratio Black tones and shadow areas are rendered superbly and with great range versus brilliant whites.

NTSC/ATSC/Clear QAM Cable Receives all American NTSC (analog), ATSC (digital) and QAM (digital cable television) broadcasts with supplied signals.

AUDIO PERFORMANCE

SRS TruSurround HD™ Creates an immersive, feature-rich surround sound experience from two speakers, complete with rich bass, high frequency detail and clear dialog.

Invisible, Bottom Firing Speakers Hidden from view, 20 watts of audio power project a full sound throughout the guest room.

Auto Volume Leveler Automatically decreases overly loud and increases very quiet audio for a smoother, more enjoyable listening experience.

Bathroom speaker output Enables connection of a remote speaker in another area of a hotel guest room.

FEATURES

Hotel Logo On-Screen Display Enables the hotel's logo to appear when the television is powered on.

USB Cloning A quick and easy way to copy the ideal settings of one television to all others on the property. Saves time and helps provide a consistent experience in all rooms.

Front Panel Lock Out Prevents unauthorized access to TV's menu. Helps ensure problem-free in-room guest experience.

Swivel Table Stand Provides adjustable viewing angles throughout the guest room.

Anti-Theft Battery Cover Battery door is secured helping to always keep batteries in the remote controller.

PMOLED Time Display / Wake-Up Timer A one-time wake-up timer and integrated bezel time display helps keep your guests always on time.

Closed Captioning A quick and easy way to copy the ideal settings of one television to all others on the property. Saves time and helps provide a consistent experience in all rooms.

V-Chip system¹: Allows blocking of rated TV and movie programs determined by a parent to contain objectionable content.

Variable sleep timer: Can be programmed to turn the TV off at different time intervals.
